Audio and video programs for and by Scouting Volunteers

What is a podcast?

Think of a podcast as an internet radio show. Each podcast show consists of a series of individual episodes that you can listen to how you want — on your PC, using your MP3 player, or with just a web browser. You can listen to these episodes one at a time or you can 'subscribe' to the entire podcast series using software on your computer. When you subscribe to a podcast, all new shows will be automatically downloaded to your computer as they are published. There are directories of Podcasts in iTunes, Yahoo, and other sites.

Do I have to own an iPod to listen?

No! All you need is a computer with internet access. Point your favorite browser to **PTCMedia.net** and you can start listening immediately!

The Shows of PTC Media.

The shows cover a wide variety of topics, including Scouts in the news, tips for Den Leaders, Committee Members, Scoutmasters and Cubmasters, soundseeing tours of Scout events and lots of listener feedback!

An Hour a Week is a great show for the Cub Scouting program. **The Leaders Campfire** is a fantastic online Roundtable. For for the Boy Scout leaders we offer **The Scoutmaster Minute** and **True North**. Have some Scouting fun with **Around The Scouting Campfire**. The **Melrose Scouting Production Podcast** provides some great video for Scouts and adults. And **Moms in Scouting Service** is Scouting from the perspective of volunteering mothers.
